NBIC DIAMOND ANNIVERSARY

GARY L. SCRIBNER
ASSISTANT EXECUTIVE DIRECTOR, TECHNICAL
The New Inspection Code

ANNOUNCEMENT has been made in several recent issues of the BULLETIN of the proposed Inspection Code that the Executive Committee has in preparation for the use of the members as a guide in their work. In April 1945, issue a proposed Table of Contents of the new Code was submitted and at the Members Meeting held in New York in May, a fairly complete outline was given of the development of the Inspection Code idea.

The Executive Committee has reviewed and approved for printing the first or introductory Chapter I. To be distributed with this issue of the BULLETIN. It is submitted herewith as the first installment of the new Code and the members and inspectors who receive the BULLETIN are urged to preserve this Chapter to keep with the others and form the initial edition. The remaining Chapters will come to our readers with subsequent issues of the BULLETIN.
FIRST CHAPTER OF THE NBIC MAILED AS AN ATTACHMENT TO THE BULLETIN
